Re: Freedom of Information Act Request

Dear Gentlemen,

Under the FOIA 5 USC 552 I request of the following documents (or documents containing the following information) be provided to me:

All CIA documents about:

Todor Zhivkov's overthrow in November 1989 and all the events related to it.

I am interested in CIA documents only, not: reprints of generally available news articles or similar publications.

Aside from CIA-produced documents, I also wish to obtain any information collected or intercepted by the CIA with regard to a possible Bulgarian connection to the above issue.

To help determine my status for purposes of applicability of any fees, you should know that I am a reporter for 24 Hours – national daily newspaper in Sofia, Bulgaria. Therefore this request falls into the news media fee category.

I am asking for a waiver of fees for this request. Disclosure of the requested information to our news organization is in the public interest because it is likely to contribute significantly to public

understanding of the operations or activities of the US Government and is not primarily in any commercial interest.

If any of these requested materials is primarily part of a database or is in an electronic format other than a word-processing format I request that I receive a copy of such documents on a personal computer disk or on a CD-ROM disk, along with the necessary information to view the document. (I. e. in the case of a database documents record layout or in the case of an electronic document, the specific format the document is in and the name or type of computer program that can be used to view the document.)

I expect that all information I request to be released, other than information that is legitimately covered by one of the 9 exemptions of the FOIA.

Thank you for your consideration of this request.

Sincerely,

Alexenia Dimitrova/
